

St. Croix Electric Cooperative "Cash for Conserving" 2010

Rebate Form for Solar Water heater, Photovoltaic & Wind System Installation

Limit one per account per year

St. Croix Electric Cooperative recommends having an independent certified site assessor (someone not involved in selling solar, photovoltaic equipment) visit to determine if your site is a good location for a solar or photovoltaic system. The certified site assessor can provide in-depth information about your specific location.

Please fill out the information below to receive your "Cash for Conserving" rebate for solar water heating or photovoltaic systems.

Customer Name _____

Address _____ Acct # _____

City, State & Zip _____

Phone Number _____ E-mail _____
